YMCA Financial Assistance

It is the goal of the YMCA to be affordable to all. The YMCA desires that no person be turned away because they cannot afford to pay. As a result, a financial assistance program is available. Financial assistance is made possible by the generous support of members, individuals, foundations and businesses through the "Strong Kids" Campaign. Financial assistance applications are available at the Member Service Center.

Financial Assistance for Childcare and Day Camp Programs

If you are applying for help with childcare or day camp fees, you must first apply for financial assistance with local government funded agencies. You will then include your letter of benefit determination from the agency with your YMCA financial assistance application.
